SQUARE DANCE

"Swing your partner" and other square dance calls were heard from 8:00 to 11:00 p. m. Friday when the Central division of the Girl Reserves gave a colorful Barn Dance. A good time was held by all who reverted into the gay square dance steps and who later partook of the offered refreshments.

JOIN V-5, USNR

Wednesday morning a meeting was held for all Jr. and Sr. boys. Those who were aged from seventeen to eighteen, and were interested, were enlisted as apprentice seamen, V-5, USNR and placed on inactive duty until they have graduated, or reached their eighteenth birthday.

After the apprentice seamen have met successfully the requirements, they become qualified to be transferred to Flight Preparation School to begin their aviation training.

So far, twelve Central students have enlisted in this wonderful organization, willing to do their share in the war effort.

MEASLES

Does The Interlude seem spotted to you—as if with measles (and Dick isn't the one)? If so, the information comes, thusly:

Walking down the halls Tuesday, in the a. m., your proverbial reporter was greeted and sat upon with this salutation, "Hi, Sharp Stuff, Miss Watts is sending me home . . . I've got the three-day measles." Hope you're feeling better, "Miss B."

GLOBAL STUFF

The library has obtained a new cradle-mounted world globe which is placed on the middle section of shelves. Done in beautiful colors, it features the names and locations of all forty-eight states, all rivers and coastal towns, and also, the measurement in miles between states and countries.

The globe is very beneficial to all because it gives a clearer view of where history is rapidly being made.

P. T. A.

"Founder's Day" was the topic and discussion material at the P. T. A. meeting Wednesday evening. Mrs. D. L. Henry, second vice-president of the state P. T. A., delivered a speech on "What the Parent-Teachers Means Today."

Mrs. Milo Hodson is teaching a series of Nutrition classes in Room 22 each Wednesday morning, sponsored by the P. T. A.

The class is open to members of the organization.

What You Buy With WAR STAMPS

When the Marines get their service pack, there is included therein a bright shiny new shovel cased in a muslin carrier. The shovel costs 68 cents and the carrier 39 cents, or \$1.07 for the ensemble.

These intrenching shovels are used by the Marines around camp, digging trenches, setting up barbed wire entanglements and in many other ways. Your purchase of War Stamps through effective Schools At War programs can readily equip our forces with these necessary implements for warfare.

POINTER: COUNCILS ESSENTIAL

Mr. P. D. Pointer, chairman of a research committee on the "Relationship Between the Secondary High School and the Student Council," will attend a meeting of the Indiana Association of the Secondary School Principals on Friday and Saturday. After coming to the conclusion that the Council should play an important part in the school, the committee's theory will be explained by Mr. Pointer.

Also attending the meeting from South Bend will be Mr. Galen B. Sargent, John Adam's principal, and Mr. Thurman C. Crook, Central teacher and State Senator.

TROTTNOW IMPROVING

Still out on Central's sick list is Mr. Bert Trottnow, who is convalescing from pneumonia in St. Joseph Hospital. Also absent this week is Mrs. Helen R. Peterson, ill with a bad cold.

Bears Stake Conference Lead in Elkhart Game

The conference leading Central Bears will meet a revamped Elkhart team in the Adams gym Saturday night with the hopes of putting the conference leadership on ice.

Elkhart has a fair ball club this year, and ranks well up in the conference standings after having defeated the helpless Nappanee Bulldogs 55-33. Last Friday night they lost to Ft. Wayne Central, third ranking team in the state, 46-34.

The Blue Blazers have several outstanding men including Windmiller, a speedy forward, and Ingram and Sellers, two tall centers who alternate frequently and make baskets consistently.

This is the first of the remaining three conference games to be played by the Bruins and the start of that all important final dash to the end of the season. The other conference games are with LaPorte, February 12, there, and Washington, February 18, at Adams.

The probable starting line-ups for the Elkhart games are:

Central		Elkhart
Powers	F	Mindmiller
Jagodzynski	F	Saunders
Bond	C	Sellers
Taylor	G	Longfellow
Toth	G	Ebersole

HONOR ROLL

Left out of last week's honor roll listing were Mary Murdock, first honor roll, and Marion Culp, third honor roll. Both of these girls will graduate in June.

HIROHITMUS' KAMPF

We hear tell that Hitler is plenty anxious to express his gratitude to his American friends, the hoarders, for their undying efforts to further "Mein Kampf." Yes, Schicklegruber is rather soft on hoarders, and by golly, in a way, we don't blame the dirty little man. It doesn't take many indentures of the brain surface to understand that because of the canned foods, sugar, and coffee piled high in cellars, some Allied soldier boy is mighty hungry—besides, fighting spirit just isn't there when a fellow's on that last notch in his belt.

Hirohito's favorite is the so-called American who wastes valuable war materials, such as rubber, metals, and gasoline. The sneaky Jap just about busts with laughter when he hears that Harry Highschool still insists upon tearing through town in "his old man's car."

Italy likes her "Duces wild," and Mussolini sure is wild about all those people who never heard of War Bonds and Stamps.

This is no joke! The war front is not the only battlefield. The home front is the combat field where unselfish contribution must overthrow immaterial wants.

CENTRAL GIRLS IMPROVE IN PHY. ED. TESTS

To all girls who took gym a series of agility tests were given at the first of last semester, without any practice at all, and again at the end of the semester to show what improvements had been made. The series consisted of six tests: Jump and Reach, Balance, Sit-Ups, Basket Shooting, Agility Run, and Baseball Target Throws.

In all 415 girls took all tests both times. There was an improvement of 54% in the jump and reach, 39% improved in balance, 82% improved in sit-ups, 40% improved in basket shooting, 51% improved in the agility run, and 35% improved in the baseball target throw.

ONE AT A TIME

Is there a hurly-burly, rush and hurry "mess" known as extra-curricular activity present at Central Are students so interested in being in the Glee Club, the Orchestra, the Band, many dramatic productions, and other pro-social functions, that studies have become the extra-curricular activity?

Nothing is wrong with being active while at school, but education should definitely come first. True, part of a pupil's education comes from activities outside of books. The many organizations sponsored at school develop leadership, but before becoming a leader, a person must be a good follower.

Do your best at studies, then take on one extra-curricular activity at a time and carry on with it to the best of your capacity. In that way both you and the school will benefit from your participation in school affairs.

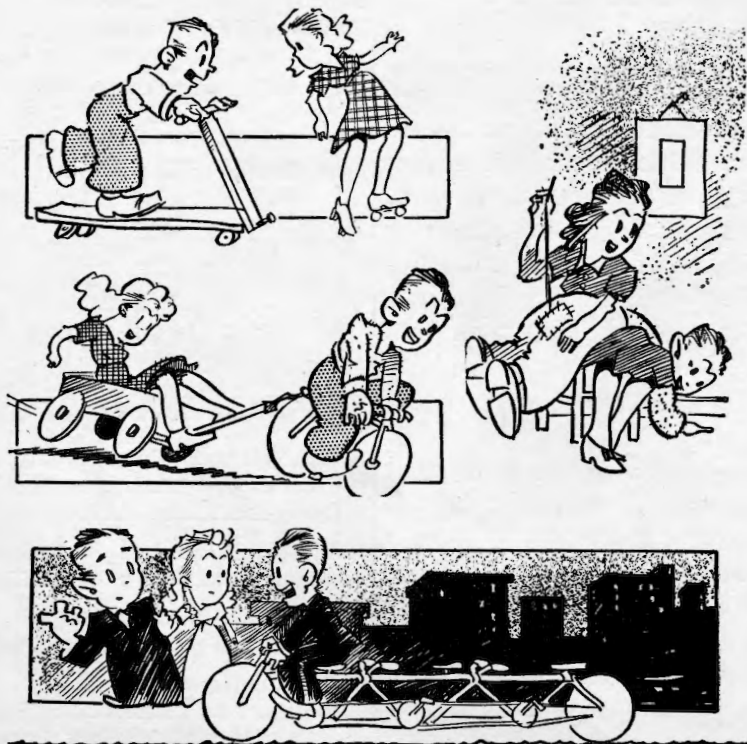

TURNING A NEW LEAF

The sooner the Central student realizes how the so-called little things he does in school can help or hinder the war effort, the better. Let's take, for instance, care of school books.

With materials as scarce as they are, books are becoming hard to obtain. Now more than ever, it is the duty of every pupil to make his or her text last longer. Every torn page or cover is tallied on the Axis score board, while every mutilated or completely ruined book may deprive one of our boys in an army camp or on a battleship leisure reading. It is evident then how important it is for us to take pains in preserving the life of our books.

Just remember, the conscientious and considerate pupil is the patriotic one.

THINGS TO WATCH FOR

PLATTER CHATTER

Glad to see some of you Joes and Josies out at Stan Kenton last Saturday. Some of that Chicagoland style really goes a long way. How did you like his rendition of "There Are Such Things" and "Brazil"? I vote we have more rugged stuff like Stan Kenton.

HOT LICKS:

Artie Shaw is a Chief Petty Officer in the Navy now. . . Freddy Martin recommends for the best tune in 1943 "Shadow of a Doubt". . . Harry James has a good arrangement of "Black Magic". . . Sy Oliver has come up with a new number that's bound to replace "I Want a Zoot

Suit", "Can't Get the Stuff in Your Cuff" . . . It's backed by the noted musical authority Bill Borough. . . Kay Kayser has a good number, "You'd Be So Nice to Come Home To". . . Tommy Dorsey is scheduled for Sunday nights — be sure to listen.

Strolling through Elbel's the other day we found out the reason why record companys have practically stopped making the 35 cent record. It seems that the price of the stuff that goes into records has gone up 400 per cent (Quote on that 400 per cent). We were also told that record dealers get only one third of the records they got last year, and when records are released, they stay in stock only a week or ten days.—"J. B."

THE WASH

Say, all you guys and gals, after all this furious program of changing and social adjustment — and I do mean new friends — we've really got a lot of scrubbin' to do. . . .

Can't seem to wring out the old Jean Orcutt & N. D. flames — Keep 'em burning, Jean. . . Tubs and tubs of orchids to our super basketball boys — they're really sharp and cookin' for the conference. . . Say, Stellner, we know puh-lenty of fellows who could keep you company while Dave is gone, but we know how it is. . . There are a lot of gals who wish Jim Powers would look their way instead of the Oren. . . Ouch! . . . An old flame that won't die (we hope) Prevost and Brillan. . . A familiar sight in Ye Olde Central Halls — wolves!!

Need we say more?

WHA'CHA KNOW, JO?

Jo Ebersole has whirled merrily through three years of high school bursting with extra-curricular activities . . . the present crowd include Student Council vice-president, Glee Club accompanying, S. P. U. R. president, and a little Katherine Cornell on the side (remember "Pearl Harbor"—Sr. Revue?). Besides all this and high-grade

school work, too, she holds down a piano-playing job for Miss Mollenhour's potential little Astaires . . . you know: waltz, two three, waltz, two three. . . Shows a marked preference for white houses with blue roofs, mature people, dark-haired guys, wits (being something of one herself), and green plaid.

She's planning to attend Hanover College in the fall where she will study like a fury. . . Her ambition (this is unofficial) is to be a Navy wife. . . Philosophy concerning affairs of the heart: "Somebody's going to get burned, but she ain't me!"

Verie Sauer Says

Peg Bruggner is still walking on air—Jim has a few weeks—is a free man before the navy gets him.

Moved and seconded for bewitchin' eyes: Diane Dunkerley.

Mike and Virginia sound pretty sharp together, huh? Mikelson and Grant think so too.

"Keep it in the family," is Bettylou Fleming's motto . . . first Glenn and now Donny Olson. Nice goin'!!

Since Peg Miller left we haven't seen a great deal of Barney Bannon . . . come, come, that wasn't the only reason you came to school??

Trouble, trouble, trouble . . . Dick Malone to Jeanie Levy.

Bettylee Blum has become one of the campus pillars at I. U. since she went down there.

Malcom MacDonald wishes to stipulate that he and Margaret McDonald are not even remote kinfolk as has been intimated now and then.

Faithful Dot Moore and Fred Becker surely hate to say good-bye, even if he is going to be in the world's best army.

New spring love affairs slowly but surely blossoming out: Percy Thoma & Bob Culp. Pat Hukill & Bruce Burgess. Phyll Kroemer & Jim Smith.

Hmm! Wish we had a lunch date like Kath McCaffrey has with army-bound Terry Miller nearly every noon . . . besides the pleasant companionship there's always the vulgar point of saving money.

Sweep your peepers over Bill Jackson the next time you see him and yell "Baldy"—he doesn't mind!

Belles to: future track star and swell guy, Bill Yoder.

Will someone tell Red Robinson that a certain "Cook-ie" named Peg will seriously consider a date with him?

Are you bored with kicking the cat, robbing birds' nests, growling, and other such antics? Do you crave excitement? Get acquainted with Bob Temple, up and coming freshman.

Good for Ann Dunnahoo, landing

that John Adams Sultan, Jack Reitz! But where, oh where does Dick Kovacs come in?

Bits of pleasantry: Murvil Bothwell and Doris Lochmond. . . sorry, fellows, they're on cold storage until 16th birthday candles are blown out.

Pleasing pair: Alice Monhaut and Wayne Matthews.

What's this about Dona Boyak and a certain Florida ticketed Jim Cloud?

Missed by the Central lovelies: one Ed Meehan.

That Charlotte Jackson-Jim Miller sequence isn't bad at all. No sir, not bad at all!

THE TIPOFF

In one of his Senior Social Studies classes Mr. Shultz asked what some of the recent questions being polled by Mr. Gallup were, and how "Subjective difficulties in straight thinking" fitted in with the topics.

One pupil brightly queried, "Do you mean Dave or the 'other one'?" Quipped witty but wise Mr. S., "We're still on topic one, 'Objective difficulties in straight thinking' is topic two."

We fight to stay the American way — show them with War Savings Stamps and Bonds.

WHAT DO YOU THINK OF THE SHORTENED NOON HOUR?

Virginia Lewis—"I definitely do not like it. I feel as if I'm out for track."

Ruth Meyer—"It's not bad, but you don't get much time to eat."

Nancy Brodbeck—"You don't have time to dawdle over your food."

Margaret Mitchell — "I won't be able to see the noon movies now!!"

Ruth Hodes—"Zoom! Zoom!"

SERVICE NOTES

Robert M. Frash has been commissioned a second lieutenant upon completion of the officer candidate course at the Infantry School, Fort Benning, Georgia. After graduating from Central, Lieut. Frash received a diploma from the University of Illinois.

Aviation Cadet Casimir Klosinski has been transferred from primary school at Pine Bluff, Arkansas, to Coffeyville, Kansas, for basic training. A few months after completing his high school days, which were filled with dramatic and Glee Club work, he enlisted in the Air Corps.

William R. Cressy, third class petty officer and radio technician, has completed a naval radio technical course at Northwestern University, Evanston, Illinois, and has been transferred to Memphis, Tennessee.

Private John Gerlac has been transferred to the marine replacement battalion, Camp Elliott, San Diego, California, and has been promoted to private first-class.

A CLEANER BUILDING

If we are to keep our building as clean as we should, we must have the cooperation of every student and teacher. Waste paper scattered over a class room floor is conducive to poor class room order. No student can be at his best in untidy surroundings.

Our first floor hall after the noon hour is littered with candy wrappers and other scrap paper. We have containers that should be used for this waste material. Please use them. Our janitors are working constantly, trying to keep our building clean. We should help them all we can. The next time you are tempted to drop your candy wrappers on the floor, just hold them until you get to a container where you can dispose of them properly.

BRUNS OUTSPASH FROEBEL AND WALLACE OF GARY

In a closely contested race January 27 Central's Tank men dropped their second meet to Kalamazoo. After thrashing Froebel the night before, Coach Elbel's boys fought with our Michigan neighbors to the final relay which they dropped only because of the exceptional swimming of one Kalamazoo lad. Bill Borough easily won the breaststroke; Johnny Makielski took the diving; and Paul Nelson the racing backstroke. Bill Freeman and Jim Miller fought it out for second place in the 200-yd. freestyle with Freeman coming out ahead by a stroke.

A Lew Wallace of Gary invasion of the natatorium was beaten off by Elbel's Water Boys 34-31 last Saturday. Winning from the fast Lew Wallace team, Central's record was set at two won, and two lost. Bradley, Borough, Miller, and Makielski took firsts in their respective classes. The medley relay team clinched the meet when they won in 1 min. 54 sec. Today there is a triangular meet in Gary with Froebel and Lew Wallace participating. On the thirteenth the Conference meet will be held in Whiting.

The summaries of the Lew Wallace meet:

40-yard free style—Won by Bradley (C); Garwood (LW), second; Mishminsky (LW), third. Time 2:1.6.

100-yard breast stroke — Won by Borough (C); Handwork (C), second; Burns (LW), third. Time 1:15.9.

220-yard free style—Won by Miller (C); Chelich (LW), second; Freeman (C), third. Time 2:43.8.

100-yard back stroke—Won by Spiliou (LW); Nelson (C), second; Bergen (C), third. Time 1:09.9.

(Cont'd in Col. 2.)

Some 250 Central fans left the Mishawaka gym last Friday amazed and happy with the outcome of the game. A 56-27 win over a team that two weeks before had been ranked as one of the top twenty teams of the state doesn't seem possible but it did happen. There are those who say they saw the downfall coming after Riley trounced the Cavemen 38-20 the week before, but none expected such a walk-away.

x X x

For those who like to play with figures, Central could have stopped scoring at the half and still have won by a comfortable margin, or one could let Mishawaka double their score and the Bears still have the game by two points!

x X x

Candidate for the most improved player on the team is Melvin "Buddy" Bond, who has done such an excellent job of guarding the tall players in the last two games, namely, Dick King of Rochester and Dean Trump of Mishawaka. He was also second in scoring in the Mishawaka game with five baskets and one free throw.

x X x

The Student Council Basketball Tournament will get under way Monday noon in the gym with the first four games of the playoffs. The captains of the teams entered in the tournament will meet Friday for the drawings and final discussion of tournament play.

x X x

The "B" team certainly pulled one out of the fire last Friday in that overtime game with Mishawaka, which, incidentally, was one of the roughest games to date. John Hazen played at least half the game on the floor—the other half he was busy putting in baskets.

Jim Ebersole who plays guard for Elkhart is a first cousin of Joanne Ebersole who graces ye hallowed halls of Central.

100-yard free style—Won by Dodds (LW); Davis (LW), second; Fleming (C), third. Time 1:03.3.

Diving — Won by Makielski (C). 180-yard medley relay — Won by Central (Nelson, Borough, Bradley). Time 1:54.7.

160-yard free style—Won by Lew Wallace (Davis, Dodds, Mishminsky, Doroll). Time 1:24.

BEARS TROUNCE CAVEMEN AND TAKE LEAGUE LEAD

The Central Bears took undisputed first place of the eastern division of the N. I. H. S. C. by virtue of a 56-27 swamping of the Mishawaka Cavemen on the Maroons' home floor last Friday night.

The Bears were definitely "on" from start to finish in a ball game that started like a house a-fire. It all began when "Jag" Jagodzinski intercepted a pass on the first play of the game and let go with a one-hand push shot and Central was in the lead, 2-0. On the next play Jimmy Powers stole the ball and made another one-hander from the side.

With half of the first quarter left to go, the Bears led 11-1. Mishawaka's one point came from a free throw by Dean Trump. The Cavemen tried to come back and at the end of the first quarter trailed 15-7. The second quarter soon put an end to all Maroon hopes and the half ended 31-11.

The third quarter found a rejuvenated Dean Trump who led the Cavemen with 9 points.

The reserves, headed by Benny Frankiewicz, rounded out the last quarter to give the Bears the 56-27 win.

The Central "Bee" team eked out a 26-25 overtime victory from the Mishawaka "B's". The score was all tied up 23-23 at the end of the regulation playing time.
