During the first eighteen year of his service at Central he was conductor of the school band and orchestra.

Mr. Miller was active in teacher organization work and at the time of his death was Executive Secretary of the South Bend Teachers Union and was also secretary of the Central Labor Union. He was also interested in Red Cross work and had given considerable time in helping bring the Crippled Children's Hospital to Northern Indiana. Mr. Miller, known as "C. C." to his friends, leaves besides his wife, two sons, Paul E. and Carl C. Jr., both of South Bend and graduates of Central High School. DEBATE TEAMS JOURNEY TO LAPORTE

All day last Saturday the debate teams of Central engaged in twelve debates between central Indiana and Illinois teams at a tourney held in Laporte. Members of the A team who were sent were: James Gleason, Don Looten, Virginia Norris, and Nettie Or-

POLL INDICATES OPINION ON ATOM

Individual ballots were cast by 142, 204 senior and junior high school students representing every section of the country.

The poll question was phrased: "Do you think that the United States should share the atomic bomb secret with other nations?"

ON THE RECORD

I haven't as yet even begun to recover from the Christmas holidays. I don't know but what it was about the best one I've ever had, too. Sometimes one wonders just what factors go to make a swell Christmas. I think more than anything it's the good times with your friends that make you the happiest. Something that made me pretty happy was getting a little of that old green moola which made it a cinch that my next stop would be at a record shop. And you know, I guess it would be only right that Bing Crosby would get my first contribution to Decca, Inc. His release of "It's The Talk Of The Town" is as nice as any he has ever waxed.

Then I switched to Columbia Recordings and got Gene Krupa and his fine band on their new disc, "Harriet" which features Buddy Stewart and Anita O'Day on vocals. The flip gives out with one of the best of the very new songs. "Are These Really Mine" will be a hit and I'll bet you.

Then to Capitol for Stan Kenton and his "Artistry in Rhythm." His latest "Sittin' and A-Rockin'" coupled with "Artistry Jumps" is a good example of Kenton's originality in arranging. By jumping back to Columbia I get Woody Herman and the Herman Herd in a typical Herman instrumental. "Your Father's Moustache" is one of the hottest, craziest and newest types of jazz that has ever been produced.

I don't like to brag but in my column of Dec. 13th, 1945 I was talking about a new song called "Let it Snow, Let it Snow, Let it Snow" which Perry Como had been singing and which was a coming hit. Well, Victor Records didn't give Como the job of waxing the tune but Vaughn Monroe did and it has already hit the rungs of the ladder on the top ten in the country. Speaking of the Hit Parade, the No. 1 tune "Symphony" has been released by Jo Stafford, Bing Crosby, Freddy Martin, Frank Sinatra and Marlene Dietrich.

Say, do you know the name of the guy that put his right arm in the lion's mouth. It's Lefty! That's a joke, son. Laugh!

The "Honeydrinker" has proved to be a rather warmish sort of tune and Cab Calloway has released the best

THE NEW YEAR

What will the new year of 1946 bring to you? Many, no doubt, are asking the question and are wondering what the new year has in store for them. This, however, is not the all important question one should ask. Rather it should be, what are we putting into the next three hundred and sixty-five days that will make life more abundant and worthwhile. We have it within our own power to make it what we want it to be. There are too many who hold the belief that, "there is a destiny which shapes our ends rough hew them how we will." If this were true, then we could sit idly back and let the world pass by, not fretting much about it. However, we know that to a very large degree we control our own future and what we do and become is a personal responsibility. Let's resolve now that we are going to make the most of our opportunity this coming year and when we come to look back over it at the end, we can be pleased with some real accomplishments. Let's do our best, no one can ask for more.

P. D. Binter

A FRESH START

Chaos, turmoil, confusion and misunderstanding are common terms used to describe our world today.

New Year's Eve has brought each and every one of us nearer to the eve of our destination. And as we embark upon our various paths are we fully confident of our ability to walk understandingly with ourselves and our fellow men or are we to stagger drunkenly with chaos, confusion and misunderstanding muting our thoughts and our tongues?

Students of America are to be the future builders of America. If we are to build upon the structure-work of the past and present we must know the mistakes that have been made, both in the mortar and the laying of the stone. We must not bulge the structure of our government here, leave out an important link there, or have our mortar of politics crumble under the very platform we must build from.

We will need to be strong to understand ourselves as well as our fellow men. Thus we must study ourselves, our neighbors of the past and of the present now in order to build a better structure over the chaotic world that is known today.

TO THE FUTURE

Seniors are graduating; they are leaving a noticeable gap at Central; their absence will be greatly felt by their associating friends and teachers.

This January class of 1946 is considerably small in numbers. It has had innumerable setbacks to leave it as it is. The selective service has claimed its toll among the boys and many others in the class have decided to graduate with their fellow seniors in June.

The old saying, "Small but powerful" is quite fitting for this group of students. Brilliant minds, willing hands, and eager hearts compose the "stuff" of this class. They anticipate their future with hopeful and determined minds.

So, also do their friends and teachers anticipate the future of this group. Their names and deeds will lead the community and, possibly, the world in days to come. They have ruled their high school regime well; may they rule their college, business, or home regimes as successfully.

With light brown hair and big blue eyes,
She's full of charm and vigor.
She's 5 feet 6 and 3/4 inches
Not one fraction bigger.

Old Central is proud of her Scholastic record too.
Even though she leaves us now
To brighten up Purdue.

President of the Amigo Club
And our paper's feature editor
A member of the Speaker's Bureau
An all 'round gal we'll credit 'er.

Her chief delight is food
And any kind rates,
But best of all she says she likes
Ripe olives and dates.

Tall, blue-eyed boys and dances
And the luscious color, blue
Travel, hikes, and winter sports
All thrill this lassie, too.

What she doesn't like in people
Is a lack of sense of humor
And folks who dress like circus ponies
Really fuss and fume'er.

All in all she's sweet and cute
As fair as any flower.
A Central girl that's really smooth
That's our—Peggy Clauer.

After the first quarter of Central conference game against Goshen last Friday in which the former won 70-46, it was nothing more than a good chance for the team to get in a little extra practice, and also for the players to strengthen their positions in the N.I.H.S.C scoring contest. BEAR FACTS

Bob Adams may give Central the individual conference scoring honor for the second straight year, if he keeps up the hot pace he has set in the last two conference games. In the two games he has scored 22 and 23 points respectively.

The round-robin intramural basketball tournament sponsored by Mr. Burger was won by room 123, the powerful quintet which sailed through all opposition to stay undefeated for the season. They rapped room 223 of the "B" league in the championship game, 35 to 14. Room 223 went into the championship game after licking all "B" league competition and room 13, which triumphed in the "A" league.

In 123's classy victory over 223, Bill Mitchell paced the winners with 17 points, and George Derychere was high point man for the losers with seven points. Stemmock, Hoffmann, Wieler, and Stankiewicz comprise the rest of the winning quintet and Steh, Langel, Marcus, and Megesei make up the team for 223.

Congrats to the "B" team who took down all the honors over at Laporte in the invitation "B" team tourney held in that city last week-end. Also a bouquet to the Cubs high-scoring center Pat Hagerty who really racked 'em in.

If you like thrills and exciting races, just jog down to the "Y" this Saturday and next Wednesday when

the Central swimmers take on Kalamazoo and powerful Horace Mann of Gary, respectively.

During the Interlude's vacation, the varsity quintet won four and lost three.

How come Joe Holobyn, the Washington Panthers star forward, is off that hardwood squad? Did he quit or what?

Elkhart is the hottest team in this part of the state having lost only one game. They are ranked third best in the state and at this writing lead the conference with four straight wins.

The Central "B" team won the second team basketball tournament championship by defeating Laporte 27-21, in the title game at Laporte, January 12. The Central Bees advanced to the finals by winning over Gary Lew Wallace 34-25. In the championship contest the Bees built up leads at each quarter with center Pat Hagerty leading in points with

four baskets and a free throw. Central led 11-8 at the half; the final score was 27-21.

Central's tank squad fresh from a victory over Gary Froebel, will entertain Kalamazoo's swimmers this Saturday afternoon at 2:00 p. m. in the "Y" pool. The Michigan lads, who defeated the Bruins last year, 38-28, have several men back from last season and the team as a whole seems to be a power-packed outfit. yet to be done on it. Louie Prima is still defending his title of "King of the Dialect" on the records and proves it again with "Felecia No Capicia." Now I don't know Italian so don't ask me who Felecia is or what it is she doesn't do. There are probably numerous things but "capicia" has me stuck. If you're still stuck, do you remember "Please No Squeeza Da Banana." Well, this is just like it.

I personally want to hand the Palais Royale a bouquet for bringing these bands into South Bend. Ellington was mighty fine, Johnny "Scat" Davis was worth three times the price of admission and I'll bet Jerry Wald the 9th of Febr. will be another fine attraction.

THINGS I LOVE

By Doris Elbel

I love the smell of burning leaves
Of freshly painted wood
Of dinner on the table
All these, to me, smell good.

I love the sound of laughing children
Of gayly tinkling bells
Of breaking waves on distant rocks
That echo in sea shells.

I love the sight of sun rise
Of moonlight on the snow
Of lovely, graceful dancers,
I love all these, I know.

I love the taste of chicken
Of apples, ripe and red
Of popcorn balls on winter nights
And candy munched in bed.

I love my family dearly;
I love earth's rich brown sod;
But out of all the things I know
My greatest love's for God.

EDITOR'S NOTE: This is one of the three poems receiving Honorable Mention in the Poetry Anthology.

SINCE LAST TIME (Cont'd)

Adams took good advantage of this opportunity, as he threw ten field goals, and three free throws through the net for a total of 23 points. Ernie Bond followed Adams with 14 points. Goshen took the lead at the start of the game, and soon after the Bears overtook them. Adams was removed from the game in the third quarter. Late in the fourth period Coach Wooden put him back in and after about a minute of play he committed his fifth foul. With just a couple of seconds left in the game George Clauson took a shot from the middle of the floor that swished beautifully through the net, making the final score 70-36.

SWIMMING (Cont'd)

the picture though, as they seem to be pretty good at the art of rapid swimming. This was proved when they thumped Gary Froebel 42-13, last week at the "Y".

The Bears won every event but the 40-yard free style which was won by Sosh, a superlative sprinter from Froebel. First places were hauled in by Sechowski in the 100-yard free style, Lockwood in the 100-yard breast stroke, Parshall in the back stroke, Day in the 220-yard free style, and the medley and free style relay teams. Second honors went to Capt. Makielski in the 220, Parshall in the 49-yard free style, and Cooper in the back stroke. Third placers were McCaffery and Wolf. There was no diving due to the board being broken just before the start of the meet.

GIRLS—

DON'T try new tricks
with your hair—wear the
style you KNOW is good
for you.

WEAR a simple blouse
or dress—no Sloppy Joes
—they're out. . . . And
don't wear a print—it de-
tracts.

WEAR a light lipstick
—but no rouge . . . rouge
casts shadows.

WEAR jewelry if you
wish—but keep it simple.

BOYS—

DON'T get a "Butch"
haircut for your photo-
graph . . . you don't want
to look 'skinned', do you?

HAVE your coat neat
looking . . . freshly cleaned
and pressed.

WEAR a necktie to har-
monize with your suit . . .
a gaudy tie becomes tire-
some.

BE SURE your posture
is good—it shows up in a
photograph.
