Amigos Give Party

Members of the Amigo Club gave an Easter party for the Children's Aid Society Home in Mishawaka, during Easter vacation. The group entertained were pre-school children between the ages of four and five years. Games were played and each child was given an Easter basket filled with "goodies." Refreshments of ice cream and cookies were served. One Amigo commented that she was sure that if more people could have seen the happiness of those children, they would want to do all they could to help them. The Amigos are now planning further entertainment for some of the older children at the Home. Miss Estella Ellis sponsors the club.

SOCK UP!

Saddle shoes run down in the heels and caked with so much mud that it is impossible to ascertain whether they were ever white . . . One sock up, the other drooping slightly over the shoe . . . Shirt-tail hanging sloppily out . . . one sweater sleeve rolled up; the other in a bunch half way down the arm. Surely, this is a fine costume for painting the house on Saturday afternoon, but hardly the correct thing for school. Still, you see people everyday at school dressed like this. It makes you wish they would tuck, pick up, and clean a bit!

Then, of course, there are those who are just the opposite. Girls who come to school with high heels, fancy dresses, and loaded down with jewelry are just as much out of place as the sloppy ones. Fancy clothes may be just the thing for a party, but they are very much out of place at school.

We all want to be well dressed, so don't forget the two most important rules for the well-dressed: be neat, and dress to fit the occasion.

EDUCATION BY MAIL?

Some people have the idea that pupils can have an education without a formal attending of classes. They seem to think that they could get an education in war time factories and enroll in correspondence classes. This does not mean that correspondence institutions and agencies are valueless. If high school attendance is impracticable for a definite reason any good correspondence course or instruction is valuable. However, credit for such a study is dependent on official high school attendance. Such credit is necessary for admission to colleges and universities and it has proved valuable to men and women going to the armed forces.

The wartime stimulation of interest in high school and college subjects is reported tempting to professional racketeers and to some who, although their basic motives may be good, are technically unequipped to offer correspondence courses. Reputable correspondence schools are not scarce. The better business division of the Association of Commerce in any city is well-equipped and eager to serve the general public by furnishing information that will disarm the racketeers who are trying to capitalize the desire for correspondence education.

ARE YOU CORNY?

Somehow we high school students seem to have the idea that doing a small but vital job like collecting waste paper is "corny"—that it's kid stuff. And we let the "kids" do most of the work. This week South Bend is making a special effort to collect waste paper to offset the serious shortage that is confronting us. In case you haven't realized just how serious that shortage is—midwest paper mills have only a ten-day supply on hand and are depending largely on our contributions to add to that

supply. One-third of the paper we turn in will be used for wrapping supplies to be sent overseas.

You don't have to be told that the need is great, and that it's "corny" only to neglect to turn in waste paper. You surely have some around—old newspapers, wrappings, Inter-ludes. So rummage through the basement and look carefully under the living room sofa. You may be surprised at the amount of paper you don't want that is absolutely necessary to the man on the front.

Giving up little luxuries is not so hard when you remember they give their lives. Buy Stamps and Bonds.

Li'l Abner—Daisy Mae

The art of chasing a chick 'till she catches up with you requires a natural talent. Some tactful Jill gives the "bashful" Joe the "come on signal" in the form of a pearly smile and offers to help him with his English assignment. Ask Carol Feiman about that, she knows. Types of traps vary according to the time, place, and atmospheric conditions. and last but not least, the fella. To handle a sharp fella like Gilbert Coty we could use a shapely, Betty Grabble-ish babe such as Marilyn Morrison. You can guess the line she would use on the poor dear, commenting on his big muscles, and tremendous chest expansion.

The Amazon type, such as Janet O'Keefe, uses the strong arm method and has him continually kneeling at her size 10 double A's. And then for techniques go look up Rachel Taylor. Yes, boy. The only thing is that she won't divulge any of her trade secrets and she's all tied up with D. Newman, we'll just have to take our place in line. There's always the poor darling that just had the "awfulest experience" and is badly in need of a manly shoulder to weep upon. The way we fellows fall for that sob stuff is really a disgrace. It usually sounds good at the time, doesn't it? And we might as well make the most of each and every advantage. Betty Lou Fleming is a prize specimen here, boys. Look it over carefully, and don't miss Ginny Grant, while we're on the subject. Yes sir, we take an awful beating, but how we love it, huh?

Room 212 is the scene of operations for short but competent Mr. Walter Kindy, who teaches mathematics and science. There he explains the mysteries of congruent triangles and logarithms to classes who supposedly are eager for book learning.

Because he was active in football and baseball, his high school coaches influenced him to follow their lead and devote his career to teaching math to high school students. After receiving his higher education at Manchester College, Indiana he taught at Beaverdam and Laketon (both in Indiana) before coming to Central, where he has been ever since.

Mr. Kindy is now the proud father of a two-year-old son, who takes up much of his spare time. Otherwise, he enjoys fishing and hunting birds.

Although he is essentially a mathematics teacher, Mr. Kindy is doubling this year as science instructor. He likes to work with young people and gets a double pleasure from teaching. However, there are certain habits of students which irk him considerably. One is whispering during discussions, and the other is the apathetic attitude of students toward homework. There's a helpful hint for you who are interested in passing math.

What is your favorite comic strip?

Bill Koontz: "Abbie and Slats" and "Mary Worth's Family"—wow, those girls!"

Elaine Rupert: "Kerry Drake" — oh, that lovely man!"

Stanley Lewiecki: "Superman"—I like to see his girl."

Pat Kistler: "Li'l Abner"—he suits my mentality."

"Didgie" Wagner: "Mutt and Jeff" — it reminds me of some people I know."

Janet Oren: "Terry and the Pirates", and I'm not drooling over the pirates."

Bill Weaver: "Superman"—I was told that if I eat my Wheaties I'd be just like him some day."

Roger Cooper: "Li'l Abner"—I've got a crush on Daisy Mae."

Verie Sauer Says

MEMORIES

One of the first things everyone does when he receives his Interlude is to turn to page two and scan the column with the familiar picture of Verie Sauer to educate himself on the latest school gossip. Let us imagine this is 1941 and take a look at the latest (?) gossip direct from Verie Sauer's column. Remember, this is from 1941:

Here's some sharp new sophs for your list—Bill Freeman, Dean Bowker, Sumner Ferguson, Joan Hodson, and Muff Stewart.

1942 readers were informed of some of the following by the ever-busy Verie:

Scoop!! A certain trumpet virtuoso seems to have captured Ginny Manby's heart. Gene Sage is the lucky man.

This little sophomore Ann Dunnahoo is no slow worker; she's got Dick Daines fit to be tied already; in fact, he's practically on her string.

Seen goofin' together — "Peewee" and Florence Mickley.

Jack Cole plus Virginia Dix—??

Seen at Rainbow—Barbara Nelson, dragging Don Richards around by the ear.

Porky Radke and Bill Ives are sure hitting it off swell now. Wonder what Bill's success story is?

Tommy Anton, one of our star trackmen, seems to have found his interest in Deloris Moore, a Madison junior high jewel.

That's all for now, chums!

Verie wishes lots of luck to the new Mademoiselle's club, which has elected Elaine Edwards as president. Hear tell they had a rip-snortin' time at their last hayride.

Mary Jane Monroe is gradually returning to a state of normalcy since Buddy Buck (ex-Adams) left after a thirty-day furlough.

What's happening to this romance between Jerry Jones and Bob Temple? Could it be that Bill Mitchell is getting interested?

Shirley Baker has us wondering who her latest absorbing interest is—he goes to Adams.

We'd like to know what makes Bill Warrick so shy when around girls—one in particular.

One mighty cute junior—Vernalee Reed.

Marian Harrison (from Florida) seems to have the situation well in hand — meaning ex-Centralite Bob Hartford, of course.

Norma Miller seems to have fallen, but good, for none other than smooth Kenny Witkowski.

Now that Bob Halten has returned to the Army, Lorraine Haniewski won't have any excuse for going to sleep during class.

'Tis rumored that Tommy Pauszek, Jr. has some cute little chick in mind. Send all reports to the Interlude office.

Alberta Daly has been sailing high for the past few weeks, but then, wouldn't we all, if our sailors were home on leave?

Well, well, another sharp fellow has been added to the green-jackets; he goes by the name of Pat Altgelt.

On again, off again, on again—Jean Grant and Bob Mabry.

WHAT, NO TELEVISION?

The push-button radio amazes all, young and old — take, for instance,

the other night when I switched on the radio, only to get Mother Bergan's home cooking program. I quickly changed it by the push of a button to a campaign speech of Mayor Bungert, who is running for reelection. "—and furthermore," he said, "this city needs a place for the increasing population. If reelected, I shall see that the homeless will be click — back to Mother Bergan — "thrown in the garbage; also throw away any other scraps that tend to clutter up the kitchen. Something your husband will enjoy is a" click — and now it's a fight between Skinny Morrical and Strong-arm Cooper — "a left in the chest followed by a right to the jaw and Morrical is down. 1—2—3—4—he's up. No, he's down—1—2—no, he's up now — it looks like Morrical is trying" click — ~~Now to Mother Bergan's Cunningham~~ — "cuddle up a little closer, baby mine; cuddle up and be my" click — "cabbage, which should be cut into strips to" click — "make room for" click — "sweet Lelohnie, heavenly flower" click — "of Cooper's rugged right seems to be causing Morrical more trouble than" click — "the crooked dealings of" boss "Kovacs and his Gas House Gang."

The push-button radio is really a lot of fun. If you don't know how to use it—any fool can tell you.

LEARN TO SPEAK

There are few accomplishments that will give you more confidence in yourself than the ability to stand up and say what you want to say before a group of people. The knowledge that many eyes are fixed on you, that the ordinary thoughts of many people have been suspended while they attend to the thoughts you are presenting to them and the excitement of seeing others viewpoints changed by your efforts may well be the basis for wholesome self respect. The great value of learning to speak in public does not lie with what you can do with the ability but in the effect it has on your personality. Getting used to people overcoming embarrassment, finding out that making an occasional mistake and perhaps being laughed at doesn't have to hurt a bit—these are the big things that make a different person of you. Many pupils get lower grades than they should because they are too timid to speak up in class. If a pupil carries this fear into adult life how can he hope to get along well with employers, strangers and fellow workers. There are many opportunities at Central to get this essential speech training.

GOLFERS SWING CLUBS ON MORRIS PARK TURF

KOVACS IS NO. 1 MAN

The Central golf team under the able coaching of Walt Kindy started their clubs against the LaPorte Slicers last Tuesday to begin the Golf season. The Kindy boys have ten matches this season and will finish with the conference on May 20 at LaPorte.

Kindy stated that with the first four men back from last year, Central should finish among the top three in the conference playoff on May 20. The four boys with their ranks are No. 1, Dick Kovacs, No. 2, Tom Blackburn, No. 3, Ned McWilliams, and No. 4, Johnny Fletcher. Bill Bruggner and Bill Hullinger are also on the team.

Mr. Kindy expects most of the competition from LaPorte and Mishawaka who they play this evening at Morris Park.

The scoring in golf for a match between two men are as follows: First nine holes one point; second nine holes, on point, and two score, one point.

The schedule is as follows:

Thurs., April 20—Mish. at Central
Tues., April 25—Central at Adams
Thurs., April 27—Riley at Central
Tues., May 2—Central at Mish.
Thurs., May 4—Adams at Central
Tues., May 9—Central at Riley
Thurs., May 11—Mish. at Central
Tues., May 16—Central at Adams

NO WATER-LOGGED BOYS HERE

Spring swimming finds Coach Elbel in the pool two nights a week, Wednesday and Friday, teaching the fundamentals of backstroke, breaststroke, and sidestroke to a small group of boys. Time is spent on correcting defects in the strokes of the swimmers.

Spring football practice has ended and has proved definitely that Central is lacking in two major things that go into the making of a first class team.

The first major difficulty is in the coaching staff. Central has one football coach and no assistants. Dick Deranek has taken over the assistant coach's duties, but unless Central gets at least one assistant coach for the fall they will be in a mighty bad position.

The second deficiency was in the number of players that came out for the spring practice sessions. Barely enough for two teams to scrimmage with came out. Out of a school of this size, the largest high school in South Bend, only 22 boys had the courage to try for the starting team.

The season's first big outlook meet was rained out last Saturday and the trackmen of the twin-city's four schools cooled their heels. Central and Adams were favored to the battle for first honors since the Riley and Mishawaka teams are not as strong as they have been in the recent years.

We are looking forward to a better meeting between Adams and Central because such a meeting in any sport always brings forth a great deal of interest.

Lettermen's Club Formed By Representatives Of All Sports

Meeting a group of athletes recently, the Central coaches, Messrs. Crowe, Kindy, and Stewart, outlined a plan for forming a letterman's club which will make an extensive study of promoting better athletic teams at Central. The organization of this club, it is believed, will accomplish wonders of good by helping the athlete to help himself in training.

In the first meeting a representative from each sport was put on a committee. This committee is to examine constitution and charters of other monogram clubs and draw up a constitution, a creed, and by-laws for the new club. The representatives to this committee from various sports are:

- Basketball ----- Jack Woodard
- Football ----- Dick Deranek
- Track ----- Bob Boyles
- Baseball ----- Marvin Swartz
- Tennis ----- Ralph Witucki
- Golf ----- Dick Kovacs
- Swimming ----- John Bergan

It is believed by the coaches that the club's greatest good will be felt not only in the enforcement of training rules but in getting better response in the call issued by the various athletic coaches for athletic drills.

"I do most of my work sitting down," said Masciopinto. "That's where I shine."

Baseball Team Whips Maroons In Season's First Game

In the season opener the Central baseball team, under coach Stewart, met and defeated Coach Ward Baker's Mishawaka Maroons on their home grounds last Friday.

Behind the two-hit hurling of Bob Farner, Central's Junior hurler, the Bears were never in danger at any time in the game. Dick Deranek, Central's returning second baseman, clouted a home run with a man on to provide the margin of victory as the score stood 4 to 2 at the end of the play.

A long schedule of baseball games has been made out for this year and with the weatherman's consent this may be a fruitful season for the Bruins. With ten Conference Titles on the docket and about as many non-conference games, Coach Stewart is looking forward to a good season following tomorrow's game with Adams.

301-211 Crowned Champs Of Intramural Basketball

The final game of Intramural basketball has been played and the battle between the two stellar teams shed no light on the dark question of who reigns as school champion. Last Thursday the smooth working combination from 301 and 211 met and soundly defeated Mr. Kuhn's highly touted 225 team. From this one fact we might gather that 301 and 211 reign as school champion and certainly there is no doubt in the fact that they have a good ball-handling team. However, their single defeat at the hands of the Football Club team eliminated them from the Student Council Tournament even though they had previously won the (Cont'd on page 4, col. 4)
