The activities of this year's valedictorian, Emilita Perez de Lara, include studying the violin, piano and voice. Emilita is the concert mistress of the school orchestra and plans to minor in music in college. As a National Merit Finalist, Emilita feels that she has achieved a great academic honor and plans to study at Indiana University where she will major in mathematics. She plans to follow a career in engineering or teaching at the college level. Her four years at Central have taught her that in order to obtain the education she seeks, she must organize her activities and never waste time.

Janet Barna, one of Central's two salutatorians, is looking forward to college at Ball State University. She, along with seven other students in the country, has received a Marine scholarship of which she is very proud. Her activities this summer will include outdoor sports and a family trip through the eastern section of the United States. As a career Janet has chosen the teaching profession and plans to prepare for it by majoring in mathematics in college. From her four years at Central Janet feels that she has gained a better understanding of people. The variety of students at Central has contributed to her knowledge

of the way different types of people react toward each other.

Carol Krueger is Central's other salutatorian this year. Like Emilita, she is a National Merit Finalist who plans to study at Indiana University. She will major in mathematics and science to prepare for a medical career. As a pianist Carol plans to continue her study of music. Her many scholastic honors have included state mathematics gold medals, winner of the state German contest, and Future Betty Crocker Homemaker. She was also the first runner-up

# One Of A Kind

Freshmen think they will never become seniors and seniors cannot believe they were ever freshmen. Much knowledge and many memorable experiences are gained during the four years that make those two opposite points of view possible. Many friendships are made; some are broken. A school, Central High School, serves as a backdrop for these important, character-shaping years.

Seniors looking back over the four years note that there are several things which must remain in the memory of Central graduates, both as reminders of personal experience and as symbols of Central's long-standing heritage. Where but at Central can students trip on stairways deeply grooved by the thousands who have used the current Central building since it was built in 1914? One can only imagine the grooves had all Central students used the same building since its beginning as South Bend High School in 1872! In what other high school in the city can students walk down a hall lined with trophies dated from 1900 to 1966, tangible proof of Central's tradition of excellence both academic and athletic? And where but at CHS, would "the clock" mean anything more than a timepiece? Only to a Centralite could "the clock" mean people, the essence of any school. In four years here we have learned from people, learned with people, learned about people, but most of all learned that people can get along regardless of color, religion, or economic differences.

These are the traditions seniors have tried to live up to, the things they will remember with pride, but it does not and must not end here. Central will not be content with memories alone. It is up to the freshmen, sophomores, juniors, and Central's future students to make their own grooves in its stairs, build on its tradition, add new trophies, to see that there is always a Central High School to whose tradition, excellence, and history South Bend can point with pride.

## Thanks And Carry On

As president of the Student Council, I would like to express my deep appreciation to all of those students who have helped make this past year a great success. I would also like to express my appreciation to the faculty for their excellent cooperation in all areas.

Many projects have taken place this year, but the one which stands out in my mind is the recent Safety Check Campaign. A majority of the student body became involved in this program which showed top-notch effort on their part.

I would like to urge all of you to continue the fine tradition of Central. It seems to be the consensus of many that with a sharp decline in enrollment next year, Central will no longer be the perennial all-around power that it has been for so long. However, the enrollment for this past year dropped too, but that did not hinder us in our successes. We still are known as one of the best and will remain that way in future years. "Our words, our attitudes and our actions show what is really in our hearts."

—Mickey Tuesley

## Seniors Express Thoughts About Central In Poll

Graduating seniors were asked what they have gained in their four years at Central, what they have liked about Central, and what advantages Central has. These are some responses:

**Linda Compton** — It has been a very rewarding and wonderful experience to have been a member of the Central student body for the past four years. Central may not have been a new building but I have found that the teachers and students make the school not the building. I am convinced, in spite of the expanding city, that South

Bend Central tradition will always be well known.

**Joe Almasy** — I cannot even begin to list all the benefits I have gained at Central. The past two years have been the most educational, enjoyable, and rewarding years of my life.

**Chris Kagel** — What I like best about Central is the whole wonderful atmosphere of school spirit, tradition, and everybody participating in activities and working together for the school. To me, it's not how new and modern a school is, it's what's in that counts.

**Betty Ward** — From Central, I've had many ups and downs and tears and joys but mostly an education which would aid me in my future plans for advancement.

**Rick Niezgodski** — I've enjoyed most, participating in athletics and meeting and competing against athletes from other schools.

**Lois Combs** — The best part of Central is its long-standing tradition. Somehow the spirit and enthusiasm of the student body working together is much more important than a newer building. Many years after the glamour of

the newer school has worn off I'll always remember Central and my four years here.

**Sandy Crile** — Although Central is far from a school with the newest building and best facilities, it carries with it something that in my opinion is equaled by no other school: tradition and spirit. At Central I have acquired a good education, have experienced excitement at its height, and have learned a little better, how to live in society and get along with many different types of people.

## NFL Elects New Officers

The debate season, which starts in September and ends in May, is now over. Varsity debaters Paul Schreiner and Helmut Haefke, coached by Mr. John Poorbaugh, won approximately 80% of their debates during the 1965-66 season. In addition they won the sectional tourney, took part in the WSBT radio debates, and won numerous tourneys around the state. The second half of the varsity usually consisted of Vince Phillips, Jim Bennett, and occasionally Bruce Rector. They also compiled an impressive record for such a young team. Debating on the sub-varsity level were Bob Seals, John Humnicky, Tom Stickler, and Everitt Finney.

The national Forensic League, a nationally honored group of high

school students active in speech and debate, inducted nine new members this year. New members include Everitt Finney, Cheryl Barts, Tom Stickler, Bruce Rector, Lareicie Atkins, John Humnicky, Rosemary Ades, Bob Seals, Jim Bennett, and Wayne O'Brien. Newly elected officers of the NFL are President Vince Phillips, Vice-President Jim Bennett, Secretary Ann Miller, and Treasurer Rosemary Ades.

## Teacher To Retire

Mrs. Lucille Seedorf, special education teacher, has taught a total of 32 years, 21 of which have been at Central. She is retiring in June. Before coming to Central, Mrs. Seedorf taught for three years in Ft. Recovery, Ohio and for eight years in Anna-Jonesboro, Illinois. She attended MacMurry College and DePauw University.

Mrs. Seedorf, who has one son, has traveled in Canada, Mexico, and the continental U.S. She enjoys participating in the American Association of University Women, the Panhellenic Association, and three bridge clubs. After retiring, she plans to travel to Europe and perhaps resume art lessons.

# Hurdlers Go To State

Despite rain and temperatures in the 40's, there was plenty of action on Friday, May 13 at the sectional track meet held on Mishawaka's Tupper Field. The Bears, former sectional champions, ended up tied for third place with Adams behind Washington and Mishawaka, who were tied for first. The scoring was as follows: Washington 30, Mishawaka 30, Adams 25, Central 25, Riley 20, LaPorte 14, St. Joe 9, New Carlisle 8, Michigan City 7, South Central 5, LaVille 2, and Walkerton 1. Representing the Bears, both Paul Szynski and Bob Seals became new sectional champs in the high hurdles and the mile run respectively. Richard Smith came in second behind Szynski in the high hurdles and Gerome Price took a second in the half-mile run. These boys qualified to run in the Regionals.

Central placed 10th in the Regional competition on May 20 at Gary. Paul Szynski and Richard Smith will both enter state competition in the high hurdles. Szynski took a second in the hurdles and Smith took third.

Coming toward the end of the season, the Bears are 6-4 in dual meet competition, they were third in the Valparaiso Relays, seventh in the Goshen Relays, and sev-

Ron Seifert, a former Central athlete who is now attending Western Michigan University, is entered in the three-day tennis tournament scheduled to begin at 1 p.m. at Leeper Park on Saturday, May 28, and continue through Monday. Niles high school basketball coach Ed Foster will probably be his toughest opponent.

Congratulations to Dennis Stites for being chosen to this National All-American High School Swimming Team. Dennis has the eighth fastest time in the 50-yd. freestyle of all the swimmers in the nation.

## BEAR FACTS

BY CUBSKIN

This writer has greatly enjoyed commenting on the Central sports scene this year. Beginning in the fall, football, tennis, and cross-country captured most of the spotlight. The football team, with a 3-6 season record, might not have had the record of past seasons, but put forth great effort and gave Bear fans many fine moments to remember. The tennis team, with a 1-6 record, bettered last year's 0-7. Cross-country had a representative season with an 11-8 record and third place in the city.

Winter brought basketball, wrestling, and swimming. This part of the year proved to be the most successful for Central athletes. The wrestling team had a very impressive record of 11-1. This was a fine team effort with many fine individual efforts. The individual efforts were climaxed by Greg Matafin earning a state championship. The swimmers followed the example of the Bear wrestlers by compiling a very fine 11-2 record. This was also a team effort highlighted by many individual efforts. Many records were broken, and many more should fall next year. The Bear basketball team captured the interest of every major sports writer in our state. This team was of championship calibre from the first jump-off to the last whistle at the Elkhart regional. The great team potential was shown by its final record of 21-4.

Spring brought baseball, track, and golf. The Bear golf team has not had the best season in Central history with a 3-14 record, but the team has gained valuable experience. The members of the team are to be congratulated on their perseverance. The Bear track team has given a great effort and placed high in the sectional meet. The team posts a 6-4 record. Some of the area's best efforts have come from this team. The baseball team has proven to be a truly outstanding group of players. There appears to be a new star produced at each game. The team's record was 9-2 going into the City Tournament.

The Bears in all areas of sports have given Centralites many reasons to feel proud. Probably the most important reason throughout the year has not actually been whether we won or not, but whether we exemplified the attitudes and sportsmanship which have always exalted Central to such great athletic heights.

# Bears Blank Devils!

Central ended its baseball season with a 10-2 conference record. The team will be taking a 14-2 record into Tournament play.

On Friday, May 20, the Bears shut out the Michigan City Red Devils by a score of 13-0. John Remble pitched a no-hit no-run game. This loss knocked the Red Devils out of a tie for first place in the conference with LaPorte.

The Bears were defeated in a conference game with Elkhart on May 18 by a score of 1-0. Elkhart's only run came as the result of two simultaneous Central errors.

This year's team loses many good players because of graduation. Seniors this year are: Tom

Butler, Ronnie Green, Dennis Grzegorek, John Herren, Norman Martin, Rick Niezgodski, Karl Simon, Ken Skodinski, and Robert Voogd.

Returning varsity players are Larry Carver, Mark Cohan, Steve Coyle, Gene Fitzgerald, Dennis Henderson, Bob Kaniewiki, Ray Lentych, Kevin Murphy, Ray Nick, John Remble, Rick Rozek, Richard Smith, and Kurt Vernon.

As this issue goes to print, Central has qualified for semi-final competition in the baseball tournament by defeating Adams by a score of 6-4.
